Music at St.Mary's

Exciting things are happening at St.Mary's Church in Penzance! 2018 sees several projects underway to make our church one of the best music venues in Cornwall.

One project is a professional recording installation which is now complete. This means that the church can record your orchestra, choir or ensemble to full CD specification. If you are a school looking to make a CD or album for release on i-tunes, we can help you! Maybe you are organising a choral or orchestral concert and would like the event recorded? Whatever your recording needs we can help.

If you would like to discuss any recording possibilities at St.Mary's please contact Chris Doggett at the St.Mary's Studio on 01736 756333

“ Home cooked lunches, coffee, teas and cakes will be served from 12pm using locally sourced ingredients.

Enjoy some refreshments before the concert , all profits go to support the church”
